*Thank you
for hosting the Living Courage Training*

We are very excited to share this material with you!
Many individuals, Staffing teams, Churches, Businesses, Organizations
and Educators are enjoying the transformation that implementing this
material has given them.

What we provide:

- Living Courage Instructor - we will facilitate the training
- We will bring all teaching and training materials

More than happy to answer any questions you may have email
info@all4him.org

What we need from you:

1. Room and Room Set up

- One of the key objectives of this training is to empower people to courage and connection. To assist us in achieving this objective, we need an uninterrupted environment. We prefer chairs in a horseshoe shape with a clear open space in front. This space reflects the values of the training.

2. Adequate people to assist trainers

- This helps us serve you well if someone is allocated to us as a contact point or helper before, during and after the training.

3. Advertising of this training

- We recommend you choose dates for your training well in advance – at least 2 months. This allows time for you to advertise in your region and networks. Research shows that people respond after 6 repeats of an invitation.

- People respond to testimony. In advertising this event, we encourage and can provide testimony of what this training is and how it has brought transformation.

- To arrange and publicise the training, collecting all fees due and or fundraise for it as you see fit. We need a named liaison person who we can communicate with before, during and after the training as necessary. This person can, and ideally should be participating on the course.

- Helen is sometimes available to speak at Churches or meetings prior to the training.

4. Data Projector / Large Screen Monitor

As we use Keynote through the entire training so we need to have either a projector or monitor large enough to be seen clearly in the given environment (ie. If sun filled room then the ability to shade the area where slides are projected.) If there is a plain white wall to project onto that's usually fine, but if not a screen is needed.

5. You may want to organize refreshments - connection happens as we snack

6. Accommodation and Travel Expenses for the trainers required; 1-3 nights depending on distance to travel.

7. Email and telephone list of any participants supplied to us for confirmation of registration, supply of manuals and training day details can be emailed to them

8. Costs for the training are listed on the website. You may want to consider raising funding to provide discounts or 'gift' someone who is struggling financially. We gift one free registration per training, you may want to do likewise.
